RESULT OF INTERVIEW SATISFIES PINCHOT

PORTO MAURIZIO, Apr. 12.—It is generally believed by those who were here during the conference between Colonel Roosevelt and Gifford Pinchot that the interview which the former President and the deposed forester had were decidedly satisfactory to the latter.

Pinchot departed tonight for Zurich. The parting between Pinchot and Colonel Roosevelt was a most friendly one and Pinchot was smiling as he stepped on board the train. There was every indication that the former chief of the United States bureau of forestry was satisfied with the result of the conference between himself and Colonel Roosevelt.

Pinchot has agreed to speak before the conservation congress which will be held at Kansas City this coming September.

HOTCHKISS FEARS FOR FUTURE.

UTICA, Apr. 12.—Speaking before the Republican League today, Superintendent of Insurance Hotchkiss declared that the present distrust of popular representation in legislative bodies must mean that sooner or later the government of the United States will become a despotism.

Superintendent Hotchkiss reviewed the legislative scandals which have developed during the past few years and called attention to the general attitude of the people of the country in regard to the various State Legislatures as well as toward Congress. That centralized government and consequent despotism must result was the conclusion reached by the speaker in his summing up.

NOTED ASTRONOMER COMING.

COLUMBUS, Apr. 12.—H. C. Lord, professor of astronomy at the State University of Ohio, will go to Hawaii to make observations during the transit of Halley's comet across the sun. The astronomical phenomenon will occur on May 15.

The trip of Professor Lord to the Hawaiian Islands will be financed by Emerson McMillan, a New York banker.

CANADA TO KEEP HER PULP.

QUEBEC, Apr. 12.—Premier Gouin announced today that the exportation of wood pulp to the United States will be prohibited from now on.

RUSSIANS CAMPING AT POWER HOUSE

Special police are on every night patrolling the outside districts in which the Russian immigrants are wandering about. The police have not seen any signs of wrong doing on the part of the Russians but a sharp lookout is being kept all the same.

Quite a number of the men who were brought here to work on the plantations are nightly camping at the old power house near Pacific Heights. The men sleep there and very early in the morning are to be seen walking around the city streets.

Sheriff Jarrett reports that there has been no trouble so far with the Russians and, that beyond watching the various parties of bawdy men, who seem to be all over the city and suburbs at night, nothing else is done in the matter. No milk has been raised for some nights now and the thief has evidently got scared of the detectives.

Wholesale chicken thieves in Wyandotte County use chloroform to prevent noise in the henhouse. This is something entirely new in the line of painless extraction.—Kansas City Star.

GAMBLERS LEAD IN CITY CRIME

Gamblers continue to lead the list of those arrested by the city police department according to a report which has been submitted to Mayor Fern and the Board of Supervisors by Sheriff Jarrett.

The police record for the month of March included 343 arrests, with 57 discharged and 279 convicted. Chinese head the roll in the number of arrests, there being 77. Hawaiians follow with 68, Japanese 45, Portuguese 25 and other nationalities number 64.

The total fines collected amounted to \$2,707.30. Sheriff Jarrett's report shows arrests as follows: Gambling 129, drunkenness 47, assault and battery 37, violation of liquor ordinance 3, adultery 2, cruelty to animals 1 and murder 2.

The hour of man's revenge is at hand. A Boston genius has invented a frock coat that buttons up the back. — Rochester Democrat and Chronicle.
